

Fallowfield Medical Centre

A review of the Fallowfield Medical
Centre website

1. Introduction

This mini-report aims to present the findings of a review of the Fallowfield Medical Centre website conducted by Healthwatch Manchester staff and volunteers.

Healthwatch Manchester is the local citizens' champion for health and care. Part of its remit is to review the standard of provision of health and care information and access to health and care services from the lay-person's perspective. This report should therefore be approached by the reader as a bespoke review of your practice website produced by Healthwatch as your critical friend.

The findings from this report will be combined with those from all Manchester GP practice websites and presented in a full report later in 2023. For this reason, there are no recommendations in this report.

As part of Manchester Integrated Care's on-going improvement work GP practices have been invited this year to a full website audit, using a tool developed by NHS England. This will allow practices to complete a project to ensure that their website is accessible and user friendly for patients and carers. This work is due to be completed by March 2024.

2. Background & Rationale

Work of this nature has been previously undertaken by Healthwatch Manchester and other Healthwatch groups in other parts of the country in 2021. This was due to the large volume of complaints and concerns from local people regarding access around GP practice websites.

The report produced by Healthwatch Manchester in 2021: 'Good Practice?' presented the findings and recommendations from the reviews of all GP practices in Manchester. The report was well received locally by system leaders and gained an audience from NHS England and the Equality and Human Rights Commission.

At the February 2023 Health Scrutiny Committee for Manchester City Council, Healthwatch Manchester was requested to repeat this review by the elected members. This was approved by the Healthwatch Manchester board and became an immediate area of focus for the 2023-2024 year plan of activity.

As this report is purely informational and makes no recommendations, the standard requirement by Healthwatch for response from the provider does not apply. This report is to support practices on their ongoing journey in making improvements to their websites and Healthwatch Manchester plans to continue that dialogue with practices and with Manchester Integrated Care.

3. Methodology

Staff and volunteers conducted a review of your GP practice website using a series of agreed criteria within a survey. Three people conducted each survey to enable objectivity in the assessment of each GP practice website. As with the 2021 reviews, three devices were used simultaneously: a personal computer, a laptop and a smart phone.

Various assessment criteria were used to provide a score between 1 and 5 for 15 elements of the survey including ease of navigation and accessibility around sensory impairment.

The findings from the review are presented in this report, the audience of which includes GP practice staff and any associated patient group. As this report is purely informational and makes no recommendations, the standard requirement by Healthwatch for response from the provider does not apply.

If it took more than 2 clicks to get to a desired location on the website, a practice could not score a 5 on the question. Moreover, we based our overall scores on the phone score as it is the most common method used by Manchester residents.

4. Findings

The following questions were used to conduct the assessment and their results are below. Where there is a rating this is represented as a rating between 1 and 5, where 1 is poor and 5 is very good.

1. How would you rate the standard of information provided on your GP website regarding Covid-19 (including vaccination)?
Rating: 4 - There is information on Covid provided however this is via the NHS website and not the practice website
2. How would you rate the standard of information provided on your GP website regarding Flu jabs?
Rating: 1 - No evidence on website about this
3. How clear is the GP registration process?
Rating: 5 - Good form and options for people who are Asylum Seekers and homeless people
4. How clear is the basic practice information for the following?
 - a) Opening hours: 5
 - b) Address: 5
 - c) Staff information: 1 - There is an 'our staff' section however this doesn't load and cannot be clicked**Overall rating: 3**
5. How easy is it to make an appointment?
Rating: 5 - Good options available such as phone number and patient access
(Homepage - Appointments - Make an appointment online - *Patient Access*)
6. Are virtual appointments available to patients?
Yes. (No rating)
7. What system does the practice use? (e.g. Patient Access, AskMyGP)
Patient Access (No rating)

8. How would you rate the guidance on how to use the system?

Rating: 1 - No evidence on website

9. Is there contact information for patients who can't access the internet? (e.g. telephone number)

Yes. (No rating)

10. How easy is it to cancel an appointment?

Rating: 1 - the cancel appointment form does not work 'Practice have temporarily removed this form' (22/05/2023).

11. How easy is it to access out of hours' service information?

Rating: 3 - They provide a phone number and the addresses to walk-in centers but no signposting to other out of hours' services.

12. How accessible is the website, for the following criteria?

a) Colour scheme

Rating: 5

b) Are there other language options available?

No. (No rating)

c) Font

Rating: 5

d) Are there EasyRead versions available?

Yes. (No rating) - This takes 10 days to obtain EasyRead versions.

e) Is there extra audio and visual support available? (explanatory videos, audio assistance)

No. (No rating)

Any comments regarding the previous five questions?

No extra audio and visual support is woeful. 10 days is far too long to wait for EasyRead Materials

13. How easy is it for patients to order repeat prescriptions?

Rating: 5 - Patient Access or an online form shows good options are available on the website

14. How easy is it for patients to access their medical records?

Rating: 1 - No evidence of this on website, only have Medical Report Form which is a different thing

15. How would you rate the self-care advice provided on the website?

Rating: 4 - There are numerous NHS links such as Live Well which is good to see however the practice doesn't provide this information on their website themselves, they link to the NHS instead.

16. How would you rate the feedback process on the practice website?
Rating: 3 - They have a friends and family test and a 'comments' form however this is not necessarily the feedback form. I had to search for the feedback section which was mixed together with the complaints page.
17. Is there a complaints procedure? If so, is it clearly visible and easy to find?
Rating: 1 - Not an independent, clearly defined page as it is combined with the feedback page. No contact information about the practice manager given.
18. Are there BSL translations of content?
No. (No rating)
- Any comments on the previous three question?
19. Is there access to a patient participation group? If so, is the contact information provided?
Yes. (No rating) - There is a signup form which implies there is a PPG however there is no information this is currently active i.e. evidence of recent minutes.
20. Is there a clear link to the support webpage for Young Carers on the Manchester City Council website?
No. (No rating)
21. Is there any mention of Healthwatch Manchester?
No. (No rating)

Overall Score 47/75
