

Mount Road Surgery

A review of the Mount Road Surgery
website

1. Introduction

This mini-report aims to present the findings of a review of the Mount Road Surgery website conducted by Healthwatch Manchester staff and volunteers.

Healthwatch Manchester is the local citizens' champion for health and care. Part of its remit is to review the standard of provision of health and care information and access to health and care services from the lay-person's perspective. This report should therefore be approached by the reader as a bespoke review of your practice website produced by Healthwatch as your critical friend.

The findings from this report will be combined with those from all Manchester GP practice websites and presented in a full report later in 2023. For this reason, there are no recommendations in this report.

As part of Manchester Integrated Care's on-going improvement work GP practices have been invited this year to a full website audit, using a tool developed by NHS England. This will allow practices to complete a project to ensure that their website is accessible and user friendly for patients and carers. This work is due to be completed by March 2024.

2. Background & Rationale

Work of this nature has been previously undertaken by Healthwatch Manchester and other Healthwatch groups in other parts of the country in 2021. This was due to the large volume of complaints and concerns from local people regarding access around GP practice websites.

The report produced by Healthwatch Manchester in 2021: 'Good Practice?' presented the findings and recommendations from the reviews of all GP practices in Manchester. The report was well received locally by system leaders and gained an audience from NHS England and the Equality and Human Rights Commission.

At the February 2023 Health Scrutiny Committee for Manchester City Council, Healthwatch Manchester was requested to repeat this review by the elected members. This was approved by the Healthwatch Manchester board and became an immediate area of focus for the 2023-2024 year plan of activity.

As this report is purely informational and makes no recommendations, the standard requirement by Healthwatch for response from the provider does not apply. This report is to support practices on their ongoing journey in making improvements to their websites and Healthwatch Manchester plans to continue that dialogue with practices and with Manchester Integrated Care.

3. Methodology

Staff and volunteers conducted a review of your GP practice website using a series of agreed criteria within a survey. Three people conducted each survey to enable objectivity in the assessment of each GP practice website. As with the 2021 reviews, three devices were used simultaneously: a personal computer, a laptop and a smart phone.

Various assessment criteria were used to provide a score between 1 and 5 for 15 elements of the survey including ease of navigation and accessibility around sensory impairment.

The findings from the review are presented in this report, the audience of which includes GP practice staff and any associated patient group. As this report is purely informational and makes no recommendations, the standard requirement by Healthwatch for response from the provider does not apply.

If it took more than 2 clicks to get to a desired location on the website, a practice could not score a 5 on the question. Moreover, we based our overall scores on the phone score as it is the most common method used by Manchester residents.

4. Findings

The following questions were used to conduct the assessment and their results are below. Where there is a rating this is represented as a rating between 1 and 5, where 1 is poor and 5 is very good.

1. How would you rate the standard of information provided on your GP website regarding Covid-19 (including vaccination)?
Rating: 4 - The COVID information page takes you to the NHS website for information rather than providing the information on their own website.

2. How would you rate the standard of information provided on your GP website regarding Flu jabs?
Rating: 3 - Had to search for this and the information provided wasn't clear on how to get a Flu Jab.

3. How clear is the GP registration process?
Rating: 5

4. How clear is the basic practice information for the following?
 - a) Opening hours: 5
 - b) Address: 5
 - c) Staff information: 5

Overall rating: 5

5. How easy is it to make an appointment?
Rating: 5 - Plenty of information provided around appointments.

(Home - Appointments - Contact reception)

6. Are virtual appointments available to patients?

Yes - Telephone appointments. (No rating)

7. What system does the practice use? (e.g. Patient Access, AskMyGP)

Patient Access (No rating)

8. How would you rate the guidance on how to use the system?

Rating: 5 - There is a site map and there is information available if you cannot access parts of the website.

9. Is there contact information for patients who can't access the internet? (e.g. telephone number)

Yes. (No rating)

10. How easy is it to cancel an appointment?

Rating: 5 - There is a cancellation request form

11. How easy is it to access out of hours' service information?

Rating: 5 - Offers the extended access service

12. How accessible is the website, for the following criteria?

a) Colour scheme

Rating: 5

b) Are there other language options available?

No (No rating)

c) Font

Rating: 5

d) Are there EasyRead versions available?

Yes - It takes up to 10 days to get a response for this request. (No rating)

e) Is there extra audio and visual support available? (explanatory videos, audio assistance)

No. (No rating)

Any comments regarding the previous five questions?

No extra audio and visual support is woeful. 10 days is far too long to wait for accessible formats such as EasyRead.

13. How easy is it for patients to order repeat prescriptions?

Rating: 5 - They offer a support page on the how to access online services section where repeat prescriptions can also be ordered from.

14. How easy is it for patients to access their medical records?

Rating: 1 - The patient records page has an error code and does not work.

15. How would you rate the self-care advice provided on the website?

Rating: 4 - There is a self-care page under 'Health Information' however this takes you to the NHS website rather than providing the information via the actually practice website.

16. How would you rate the feedback process on the practice website?
Yes. Rating: 4 - Had to search for it and it is more than 2 clicks and so it loses a mark. However, they differentiated the feedback and complaints forms which was a good sign.
17. Is there a complaints procedure? If so, is it clearly visible and easy to find?
Yes. Rating: 4 - Had to search for it and it is more than 2 clicks and so it loses a mark. However, they differentiated the feedback and complaints forms which was a good sign.
18. Are there BSL translations of content?
No. (No rating)
- Any comments on the previous three questions?
19. Is there access to a patient participation group? If so, is the contact information provided?
Yes - There is a form to sign up with but no evidence that this group are currently active, for example there are no recent minutes available. (No rating)
20. Is there a clear link to the support webpage for Young Carers on the Manchester City Council website?
No. (No rating)
21. Is there any mention of Healthwatch Manchester?
No. (No rating)

Overall Score 60/75
