

# Park View Medical Centre

A review of the Park View Medical  
Centre website

## 1. Introduction

This mini-report aims to present the findings of a review of the Park View Medical Centre website conducted by Healthwatch Manchester staff and volunteers.

Healthwatch Manchester is the local citizens' champion for health and care. Part of its remit is to review the standard of provision of health and care information and access to health and care services from the lay-person's perspective. This report should therefore be approached by the reader as a bespoke review of your practice website produced by Healthwatch as your critical friend.

The findings from this report will be combined with those from all Manchester GP practice websites and presented in a full report later in 2023. For this reason, there are no recommendations in this report.

As part of Manchester Integrated Care's on-going improvement work GP practices have been invited this year to a full website audit, using a tool developed by NHS England. This will allow practices to complete a project to ensure that their website is accessible and user friendly for patients and carers. This work is due to be completed by March 2024.

## 2. Background & Rationale

Work of this nature has been previously undertaken by Healthwatch Manchester and other Healthwatch groups in other parts of the country in 2021. This was due to the large volume of complaints and concerns from local people regarding access around GP practice websites.

The report produced by Healthwatch Manchester in 2021: 'Good Practice?' presented the findings and recommendations from the reviews of all GP practices in Manchester. The report was well received locally by system leaders and gained an audience from NHS England and the Equality and Human Rights Commission.

At the February 2023 Health Scrutiny Committee for Manchester City Council, Healthwatch Manchester was requested to repeat this review by the elected members. This was approved by the Healthwatch Manchester board and became an immediate area of focus for the 2023-2024 year plan of activity.

As this report is purely informational and makes no recommendations, the standard requirement by Healthwatch for response from the provider does not apply. This report is to support practices on their ongoing journey in making improvements to their websites and Healthwatch Manchester plans to continue that dialogue with practices and with Manchester Integrated Care.

## 3. Methodology

Staff and volunteers conducted a review of your GP practice website using a series of agreed criteria within a survey. Three people conducted each survey to enable objectivity in the assessment of each GP practice website. As with the 2021 reviews, three devices were used simultaneously: a personal computer, a laptop and a smart phone.

Various assessment criteria were used to provide a score between 1 and 5 for 15 elements of the survey including ease of navigation and accessibility around sensory impairment.

The findings from the review are presented in this report, the audience of which includes GP practice staff and any associated patient group. As this report is purely informational and makes no recommendations, the standard requirement by Healthwatch for response from the provider does not apply.

If it took more than 2 clicks to get to a desired location on the website, a practice could not score a 5 on the question. Moreover, we based our overall scores on the phone score as it is the most common method used by Manchester residents.

## 4. Findings

The following questions were used to conduct the assessment and their results are below. Where there is a rating this is represented as a rating between 1 and 5, where 1 is poor and 5 is very good.

1. How would you rate the standard of information provided on your GP website regarding Covid-19 (including vaccination)?  
**Rating: 1 - No information available**

2. How would you rate the standard of information provided on your GP website regarding Flu jabs?  
**Rating: 1 - No information available**

3. How clear is the GP registration process?  
**Rating: 4 - The options are either to visit the practice and sign up or complete an online form via the NHS website - not the actual practice website.**

4. How clear is the basic practice information for the following?  
a) Opening hours: 5  
b) Address: 4 - Hard to find on the mobile phone version  
c) Staff information: 5

**Overall rating: 4**

5. How easy is it to make an appointment?  
**Rating: 3 - The practice tells the user to phone at 8:30am or asks people to register for Online Services which is confusing for many users.**

**(Home - Appointments)**

6. Are virtual appointments available to patients?

**No. (No rating)**

7. What system does the practice use? (e.g. Patient Access, AskMyGP)

**NHS App (No rating)**

8. How would you rate the guidance on how to use the system?

**Rating: 3 - There is a site map but no other support is provided**

9. Is there contact information for patients who can't access the internet? (e.g. telephone number)

**Yes. (No rating)**

10. How easy is it to cancel an appointment?

**Rating: 3 - The information is very brief and doesn't say how you should contact the practice**

11. How easy is it to access out of hours' service information?

**Rating: 4 - They have a 'There for you' page however not everyone will know what this is.**

12. How accessible is the website, for the following criteria?

a) Colour scheme

**Rating: 4**

b) Are there other language options available?

**Yes. This feature does not work on PC or Mobile but does on PC. (No rating)**

c) Font

**Rating: 5**

d) Are there EasyRead versions available?

**Yes. This is available within 10 working days. (No rating)**

e) Is there extra audio and visual support available? (explanatory videos, audio assistance)

**Yes, they have a screen reader but that is it. (No rating)**

Any comments regarding the previous five questions?

**No extra visual support is woeful. 10 days is far too long to wait for EasyRead materials. They have a screen reader for 'most of the website'.**

13. How easy is it for patients to order repeat prescriptions?

**Rating: 3 - Have to register for online services for this to be done however this is complicated for non 'IT-savvy' people.**

14. How easy is it for patients to access their medical records?

**Rating: 2 - Only way to find this was via the repeat prescriptions sign up form which is not good enough.**

15. How would you rate the self-care advice provided on the website?

**Rating: 1 - No information available**

16. How would you rate the feedback process on the practice website?

**Rating: 5 - They have a friends and family test as well as a comments and suggestions form.**

17. Is there a complaints procedure? If so, is it clearly visible and easy to find?  
**No. Rating: 1 - No clearly defined complaints procedure.**

18. Are there BSL translations of content?  
**No. (No rating)**

Any comments on the previous three question?

19. Is there access to a patient participation group? If so, is the contact information provided?  
**Yes. There is a PPG sign up form however the only evidence of a former meeting is the minutes from a meeting in 2021. (No rating)**

20. Is there a clear link to the support webpage for Young Carers on the Manchester City Council website?  
**No. (No rating)**

21. Is there any mention of Healthwatch Manchester?  
**No. (No rating)**

Overall Score 45/75
